

# Investing for Success

Under this agreement for 2017

Queensland Academy for Health Sciences will receive

**\$101,155\***

## This funding will be used to

- Focus on increasing Year 12 IB Mathematics percentage of results for IB 4 or greater from 94.2% in 2016 to 100% in 2017 (reportable in January 2018).
- Focus on increasing Year 11 IB Mathematics percentage of results for IB 4 or greater from 94.5% in 2016 to 100% in 2017 (reportable in December 2017).
- Focus on all Year 10 students achieving a C or better in pre-IB mathematics in 2017 (94.5% in 2016 - reportable in December 2017).
- Ensuring 100% of Year 12 students awarded an IBD, QCE, VET in 2017 (reportable in February 2018)

## Our initiatives include

- Regularly monitor and respond to student performance data
- Provide extra support for Year 11 and 12 underachievers in Mathematics
- Provide extra support for Year 10 students with mathematics learning gaps
- Provide a range of extra support programs and activities that are focused on improved student outcomes and parent engagement

## Our school will improve student outcomes by

• Supplement for an additional Mathematics teacher to support smaller classes where possible in the timetable	\$47,000
• Extra Mathematics support after school – Tutorials for students not yet/just achieving a satisfactory result	\$24,000
• Supplement the QAHS targeted Learning and Study Skills Program	\$3,000
• Afford parent seminars and newsletter items facilitated/provided by an external expert focused on supporting students to success	\$3,000
• Supplement Guidance Officer allocation	\$24,155
